

Chakravarthy J

Software Engineer

PROFILE

Dedicated and Experienced Software Professional ,Proficient in adapting to new software applications, Self motivated with excellent Communication skills, Strong Creative , Logical , Technical and analytic skills.

Team Player with an eye for detail.

Having 3.8 years of experience in Full Stack Web Development ,HTML, CSS, Bootstrap , Java, Spring Boot, Angular Framework, tools like git, GitHub, postman, JIRA, Database (MySQL,Oracle DB,Postgre SQL).

Results-driven Java developer with five years of experience in designing and implementing efficient, scalable Java-based applications. Strong background in object-oriented programming, RESTful API design, and microservices architecture. Proven ability to work collaboratively in agile environments and deliver high-quality software solutions.

WORK EXPERIENCE

ASSOCIATE PROFESSIONAL PRODUCT DEVELOPER

DEDALUS | Chennai

May-2023 - PRESENT

- Write well designed, testable, efficient Code and Review it.
- Worked in an Agile team, participated in sprint planning, and led code review sessions to maintain code quality.
- Conducted Various Technical Knowledge Sharing sessions on new Java Features.
- Generated Swagger Document using openapi for all the Backend APIs in the project.
- Developed unit tests using Junit/Mockito and automated testing scripts using RestAssured/MockServer.
- Experience on Java 8, Java Spring Boot, Data JPA ,Keycloak.
- Improved Application Performance using Multithreading and Code Optimization.
- Conducted Various Technical Knowledge Sharing sessions on new Java Features.
- Implemented secure and robust backend solutions for sensitive data handling, complying with industry standards.
- Knowledge on Implementing Generative AI Models in Backend Services.
- Mentored junior developers by offering technical guidance and support, enhancing team productivity and knowledge sharing.
- Managed unit and integration testing processes, contributed to CI/CD implementations to ensure efficient, reliable deployments.
- Authored technical documentation, including process flows and technical specifications(SDS, FBS), ensuring clarity and continuity across projects.
- Containerized application components using Docker for streamlined deployment, Experience in working on Bash scripts
- Experience working on relational databases(Oracle 10g).
- Debugged code and located root causes of problems by reviewing configuration files and logs.
- Worked on Critical High Priority Defects
- Knowledge on Frontend Technologies Like Angular , Html, CSS, JavaScript.
- Utilized the latest Software development tools like GIT, GITHUB,JIRA, Confluence,Intellij,PostMan,Docker,Sonar.

Personal Skills

- Team Working
- Fast Learner
- Good Communication
- Problem Solving
- Creativity

Core Skills

- Core Java, JUnit
- Database Programming
- Spring Boot
- Spring Data JPA
- Javascript
- Html and CSS
- Angular
- Microsoft Azure
- Linux, Bash Scripting
- Docker
- Bash for scripting

Tools

- MS office
- SQL Developer, TOAD
- WINSCP, Putty
- JIRA
- POSTMAN , Swagger
- Netbeans(STS)
- Microsoft Visual Code
- Git
- Maven , NPM
- Confluence, Gitlab
- SonarQube
- IntelliJ
- GitLab
- Confluence

ASSOCIATE SOFTWARE ENGINEER

CGI | Chennai

APR-2021 - MAY-2023

- Write well designed, testable, efficient Code and Review it.
- Hands-on Experience in Linux Commands by working in putty to fetch and commit changes in the Database.
- Experience on Automation of Jobs using Bash Scripts.
- Worked on User Stories and collaborated with the stakeholders
- Experience on Java 8, Java Spring Boot, Data JPA ,Spring Security.
- Knowledge of Developing REST API for a full Stack application.
- Experience working on relational databases(Oracle 10g).
- Trained on Deployment of Webapps in Microsoft Cloud(Azure).
- Debugged code and located root causes of problems by reviewing configuration files and logs.
- Knowledge on Frontend Technologies Like Angular , Html, CSS, JavaScript.
- Experience in Agile Development Process
- Utilized the latest Software development tools like GIT, GITHUB, Putty, WinSCP ,Swagger, JUNIT, Postman, Maven, TOAD

INTERN

Mykidsdrawing

JAN 2021 - MAR 2021

- Participated in the Project development through entire Software Development Lifecycle(SDLC)
- Designed and implemented new web components across new and existing designs
- Developed a Web application using Java Spring Boot Technologies that enable kids to show case their drawing and get evaluated by Artists(www.mykidsdrawing.com)

EDUCATION

BE - Computer Science and Engineering

2016 - 2020

Jeppiaar Engineering College

TRAINING AND CERTIFICATIONS

- Angular, JavaScript, MySQL, java hacker rank certified
- Microsoft certified(AZ900,DP900,AI900)
- Full Stack Java development (Angular, MySQL ,java) by Skillsoft
- Version Control using git and GitHub by google
- Advanced SQL Topics, Database Structures by Meta
- Docker Basics, GitLab Runner by Udemy
- Java Unit Testing
